

High Precision C Straight Collet

Brief introduction

Power type MLC milling collet chuck set, also known as spring collet, is mounted on a drill \ milling machine, drilling and milling chuck, its function is to clamp drill cutter or knife. Er flexible collet is currently the most used. Its stable performance, high accuracy by the majority of manufacturers trust. All products are precision grinding.

Specification

1 .Material: 65Mn alloy spring steel

2.modle No.:C20,C25,C32

2. Hardness: HRC44-48

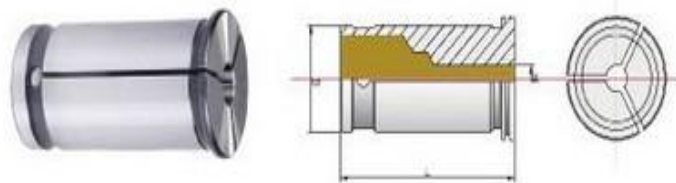

3. Progress steps 1mm or 1/64"

4. Are 6 ditch way in front and back

5. Sincerely service

Strong type CNC Milling chucks for super heavy cutting use,

High gripping force.

Model	D	d	L
SC16	16	3,4,,5,6,8,10,12	45
SC20	20	3,4,5,6,8,10,12,14,16	50
SC22	22	3,4,5,6,8,10,12,14,16	50
SC25	25	3,4,5,6,8,10,12,14,16,18,20	60
SC32	32	3,4,5,6,8,10,12,14,16,18,20,25	65
SC40	40	6,8,10,12,14,16,18,20,25,28,30,32	80
SC42	42	3,4,5,6,8,10,12,14,16,18,20,22,24,25,28,30,32	80
